### **2016 ITS Georgia Wayne Shackelford Engineering Scholarship**

The ITS Georgia Chapter supports student involvement in the engineering profession, and hopes to encourage future Georgia ITS Engineers through the Wayne Shackelford Engineering Scholarship Program.

The ITS Georgia Chapter may award up to three scholarships, depending upon the number and quality of applications that are received. All award decisions will be made after a review by the Scholarship Committee and action by the Board of Directors. The Chapter reserves the right to reject any or all of the submissions should they be found inadequately prepared, or the content unacceptable. ITS Georgia has budgeted up to \$6,000 for scholarships in 2016. Applications for the ITS Georgia Wayne Shackelford Engineering Scholarships will be evaluated based on the following criteria:

1. Students must be enrolled in an ABET accredited university in Georgia.
2. Each applicant shall submit a transcript for any college coursework completed (an unofficial transcript is acceptable). A GPA of 3.0 or higher is required.
3. The candidate should be currently enrolled in an undergraduate or graduate degree program in a transportation related field, such as civil engineering, urban planning, computer engineering or electrical engineering.
4. Applicants are asked to submit an essay (maximum of 1,000 words) in response to the following prompt:

**Assume that in 30 years Connected and Autonomous Vehicles will account for 100% of the vehicle fleet. In your opinion, what will the job of the ITS Professional look like in that future?**

Complete this application and **return (with transcript and essay) to Andy Phlegar (andy.phlegar@atkinsglobal.com) no later than midnight on Sunday, October 9, 2016.** The application must be scanned and emailed with appropriate signatures before the deadline.

Every scholarship applicant is requested to attend the ITS Georgia Chapter Meeting, to be held on October 26 at Maggiano's (Cumberland Mall Location). Scholarship applicants are responsible for their transportation costs, but their registration costs for the meeting will be paid by ITS Georgia.

Scholarship winners will be required to make a presentation elaborating on their responses to their essay response at the ITS Georgia Monthly Meeting held in February 2017. Scholarship applicants are responsible for their transportation costs, but their registration costs for the meeting will be paid by ITS Georgia.

Attach additional sheets if necessary, but information not specifically requested in the application form will be discarded.
